

TRAVEL NEWS

Your CRTA Travel Committee is looking forward to making this page a regular item in our Newsletters. We will be inviting our Travel Partners to report on highlights of interest from their particular area. This issue we're pleased to attach this letter from Shelley Good of Cruise Plus. Shelley has been to Calgary twice to make presentations to CRTA members. Her audiences were excited about the advantages and services Cruise Plus makes available to CRTA members and friends, and the amazing Cruising opportunities currently available.

Thanks to all of you who have attended a seminar or two with me. I was very happy to meet you, and have a chance to speak about my passion - Cruising! We at CruisePlus very much look forward to working with you and the CRTA.

For those of you who don't yet know, we are a Travel Partner to the CRTA. Our business is focused on cruising, and we are one of the largest individual agencies 1n Canada. We sell aU cruise providers{ and I believe you will find our friendly, over-the-phone service exceptional.

For many years, the best value in travel has been cruising - and right now opportunities are truly exceptional! If you have the chance to travel in 2009 or 2010{ book now and have an incredible vacation at a really great price.

Are you looking for a cabin mate, or wishing to travel as part of a group? May I suggest you contact us about our **Singles Away** travel club. We are finding more and more people want to travel with a group rather than alone, or may wish to partner with some one else to keep costs down. We have some individuals in our office in the same position, and they have decided to head up this project. Many of our upcoming promotions will be hosted, and will offer a great opportunity to see the world and make new friends.

Another of our specialties is packaging; we are one of the only cruise agencies in Canada to do so. You will often see a cruise with some pre or post cruise nights and air added; these typically are amaZingly priced promotions. Your CruisePlus consultant can also help you build any air and hotel package you wish on an individual basis.

Our relationship with CRTA results in a great benefit to you; cruises over \$1000 of base fare result in a 5% reduction on the base fare{ as well as an overall benefit to CRTA. We look forward to a long and mutually beneficial relationship with you.

Call or email us to sign up for our weekly email updates. Indicate interest in our Singles Away travel club{ or to get a quote for your next great cruise vacation! **Make sure that you mention your membership in CRTA** to ensure that you get your membership benefits.
