CHANGE OF E-MAIL ADDRESS.

In order to stay in touch with CRTA do not forget to let info@calgaryretiredteachers.ca know of a change.

Message from the President

Greetings To All Of You

I am not sure if I can be quite as erudite as the last previous writer of this column, but the good news is that in the CRTA, an old Rose doesn't fade away. . . One becomes the Past-President and is always a quick phone call, or email away to dispense advice or provide information.

We are all in debt to Chuck for his commitment to retired teachers in this city and province. Under his leadership the range of activities sponsored by CRTA has expanded, as has representation to ARTA, ATA and the Provincial Government. Calgary retired Teachers' Association has become acknowledged as the 'Go-To' group if you want information on

Pensions, Benefits, Technology and Conferences . In particular, when seeking to correct and collect on past dues from employers CRTA has proven to be tenacious and ultimately successful.

As well, we need to give credit to the many other executive members that surrounded Chuck, and shared his passion and drive on your behalf. I will not try to name them all for fear of neglecting to name a member of the group. But they are all bright and shining lights.

In the manner of Ralph Klein, I will try to determine the direction the current, new and returning board members/directors are going ... sprint ahead... and pretend to be the leader.

Upcoming Highlights

Via this issue of the newsletter and via e-mail, you have received notice of the **Christmas Luncheon**. Good things are being planned by Irene Bruzga and her team. We hope to see you there!

Pre-Convention Tea

At this time there has been difficulty in confirming funding for this free activity. In the past the CCTCA sponsored this event, but can no longer do so due to budgetary restraints. Our committee, led by Shirley Holmlund, however, is persevering and investigating alternatives. When they have finalized a course of action, they will communicate to you by e-mail, as well as a notice on the Web site.

The Unfunded Liability and the Provincial Government

The potential resolution for the Unfunded Liability of the Teachers Retirement fund (TRF) is being studied closely by your Pension Committee. Although the plan tables addresses the major issue, there are still concerns for retired teachers:

- A) We need a place at the table and a voice in our pensions
- B) Bridge Benefits—no action has been taken to address the shortfall of benefits we receive until CPP eligibility at age sixty five
- C) Many members suffer diminished pensions because of the 5% Roll-Back

*-

Your committee has actively studied the current documents and highlights of this work are included in this issue.

From your executive, the Best of the Season to you and may 2008 bring health and happiness to you all.

Gordon Cummings.

FROM THE SOCIAL COMMITTEE

**FROM THE DESK OF OUR TECHNOLOGY CONSULTANT
Erich Berndt**

Please consider opting for delivery of your newsletter by e-mail. CRTA would save a considerable amount of money on postage and printing if more members would go this route. Also it would keep you connected to CRTA when away on "snowbird" vacations or travel-

ing. Currently only about 65% of those members who have submitted email address have opted to receive the Newsletter by email attachment.

Also, the current Newsletter will not be archived on the website until the next one is sent out.

Furthermore, in order to get the latest news on further de-mutualization refunds, updates of the pension committee's work, current job and volunteer opportunities, and early information on upcoming events, having an e-mail address on file with the membership director, Garry Jeffrey (gjeffrey@shaw.ca) is essential.

**FROM THE PENSION COMMITTEE
Jean Crawford**

As you are probably aware, the ATA and the Alberta Government have signed a memorandum of agreement regarding the unfunded liability in our pension plan.

To access the Memorandum of Agreement and the highlights of the agreement on the internet, go to

<http://www.education.alberta.ca/department/news/current/november/20071115.aspx>, look to the box at right and click on "Memorandum of Agreement" and also "Highlights of the Memorandum of Agreement in Principle".

The ATA website, www.teachers.ab.ca also offers information including a document entitled MOA Effects on Pension Contributions. Enter "MOA Effects on Pension contributions" in the Search space to find this docu-

ment.
We recommend that all retired and active teachers read and study these documents.

You may also find on the internet The Report of the Education Minister’s Task force: www.education.alberta.ca/departement/ipr.aspx or www.education.alberta.ca/departement/ipr and then click on “Seeking Solutions: Report to the Minister of Education on the Teachers’ Unfunded liability”.

You must have installed **Adobe Reader** in order to read the documents. Adobe Reader is available free for all operating systems from www.adobe.com

REPORT OF FALL LUNCHEON

President Chuck Rose welcomed approximately 115 members and guests for the Fall Luncheon and first Annual General meeting held at the Dalton Conference Centre in the Greenwood Inn. Nina Tait began the luncheon by saying grace. Everyone enjoyed a delicious roast beef dinner, while visiting with friends and catching up on what happened over the summer.

A quorum was confirmed and the agenda for the meeting accepted.

BITS AND PIECES

The Calgary Poppy fund send us a Thank-
You letter for the food donation some of us
brought to the October luncheon.

Volunteers are always needed, especially
those who can teach. This time we will bring
to your attention the Calgary Catholic immi-
gration Society. This organization works
with people of all religious persuasions. They
have a need for teachers who can work with
adults and help them with developing skills
in reading and writing English. Please con-
tact Carolyn Arrell sreduc@cciscalgary.ab.ca

The Telus World of Science also would like
to find retirees who can help out with their
programs. Their hours are VERY flexible.

Do you have a young relative who attends the
U of C in the Faculty of Education or is plan-
ning to go there? **Scholarship** money is avail-
able through a fund maintained by your CRTA.
One scholarship is awarded each year, up to a
value of \$2 800.

A committee has been struck to start the pre-
liminary work for putting on another Confer-
ence. The tentative date is April 29, 2008.

Some members of your executive are working on writing proposals to receive grants that will allow us to expand services to our membership. Stay tuned.

At the **last executive meeting** the Social conveners expressed concern with the prices hotels are charging for the use of a room in addition to the cost of a meal. They are trying to think of other places such as golf clubs and Community Halls where we could hold our lunches. The venue has to be able to accommodate a large number of people and have a commercial kitchen. If any of our members have good ideas on this subject, please make

contact with Irene Bruzga

Our **membership** director, Garry Jeffrey reported that we currently have 826 members. Tell your retired colleagues about CRTA. Together we form a force that can move pension issues, we sincerely hope.

Put January 9 on your calendar. That is the date Madam Justice Erb has set to rule on a dispute regarding a smaller amount of funds between the CBE and stakeholder groups of which CRTA is one.

Look on the internet for time and venue.
